## Twin Fold Down Clothesline

BOTH FRAMES ERECTED 10 lines = 21.5m line space

OUTER FRAME ERECTED, INNER FRAME DOWN  
5 lines = 11m line space

INNER FRAME ERECTED, OUTER FRAME DOWN  
5 lines = 10.5m line space

The Twin Fold Down has all of the features of the Single Fold Down and, in addition, offers the versatility of two frames.

This enables the user to vary the amount of line space to match the amount of washing to be hung. When both frames are folded, the clothesline projects only 83mm from the wall or post.

The Twin Fold Down is available in a range of colours designed to coordinate with popular roofing and exterior colours.

Wall fixings are not supplied. Suitable for use with Daytek Ground Mount Kit.
